

LONG POINT PROPERTY OWNERS' ASSOCIATION

MAY 2019 NEWSLETTER

GREETINGS FROM PRESIDENT JIM LEH AND ALL YOUR BOARD MEMBERS

WOW! What a winter! A "real" one for sure. No big April snow and ice off the lake before May. Now if it will warm up and let the plants grow!

ANNUAL MEMBERSHIP MEETING will be Saturday, July 6 9:30-10:30 at the Leh Pole Barn. This is the last property as you travel north on Old 27 (4455 Old 27). Please bring lawn chairs as I have very limited seating.

Any items you want on the agenda please let me know by Monday, July 1st. Send them to jimleh418@gmail.com or call me 248-459-1000.

TRAIL UPDATE from the DNR...we are trying to re-claim our lost trail shoulders. It is very difficult to maintain our ditches with brush/tree growth happening right up to the trail edge. This maintenance is necessary for the longevity of the trail, safety of our trail user groups and drainage issues. After the initial early May cut back, a clean up crew was utilized to chew up cuttings, etc.. Just a reminder to please not dump leaves, garden cuttings or any debris into the ditches.

MEMBERSHIP DUES are \$20 and are being accepted by K.C. Leh 4144 Long Point Drive, Cheboygan 49721 by mail, **OR** by dropping your membership form and money on our front porch. There is an envelope marked LPPOA. (Joining gives only us accurate info...so if we see something out of the norm on your property we can contact you.)

MULLETT TOWNSHIP CLEAN UP DAY will be Saturday, August 3 9-4 at Old School House on Lea Street in Topinabee. There will be a charge for tires. No auto or machinery, brush, grass clippings or hazardous waste will be accepted. The East side of Mullett Township clean up will the following Saturday, August 10 9-4 on Derby Road, as another option depending on your schedule. Same guidelines apply.

LPPOA WEBSITE...we now have a website thanks to member Bill Brydges. Bill will role it out with a presentation at the annual membership meeting. YES, there will be time for questions and input. We appreciate all of Bill's efforts on this project.

FLAGS...our 32 flags were a hit with all I talked to. We had a little attrition, so more flags were ordered. Taking them down was not such a hit, as the majority of the task fell to me, your president. KC and I have put them all back up. I will be asking homeowners located near flags, to please take them down, store them for the season, and put them back up next May. I will deliver a specific letter to you soon, if you are one of the lucky homeowners.

We hope to see you **SATURDAY, JULY 6 AT 9:30 for our annual membership meeting.**
